

Actual Gross Square Feet per Student by Ward

Gross Square Feet (GSF) per Student is calculated by dividing the total square footage of the buildings by ward with the actual total enrollment of the schools by ward. DCPS standards for GSF per Student are: 140-150 GSF per student for Elementary Schools; 170 GSF per student for Middle or Junior High Schools; and 200 GSF per student for High Schools.

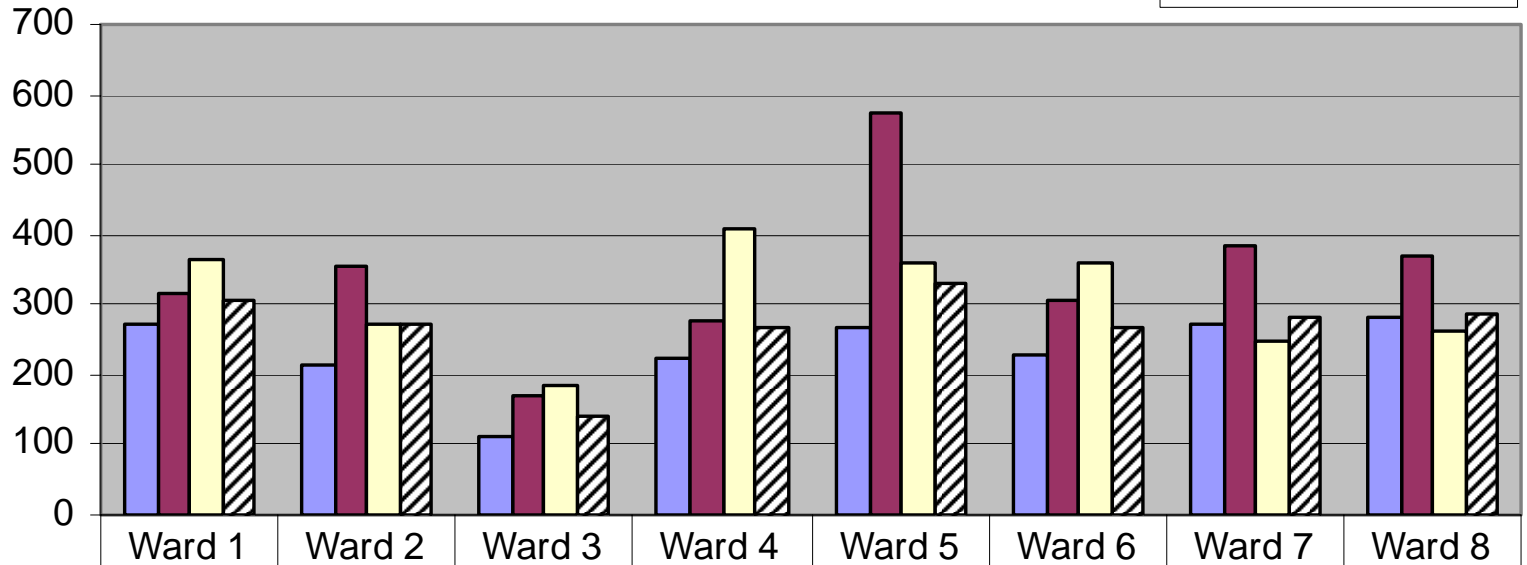

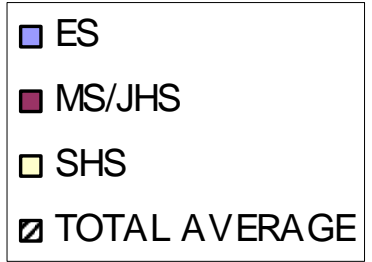

GSF per Student (includes special education schools)

	Ward 1	Ward 2	Ward 3	Ward 4	Ward 5	Ward 6	Ward 7	Ward 8
ES	271	216	112	223	268	230	272	281
